Whether you're a beginner or seasoned trader, our platform offers a dynamic, hands-on environment to hone your skills using virtual currency. Start your journey today and unlock the potential to trade with confidence!

Step 1: Create Your Fundezy Account

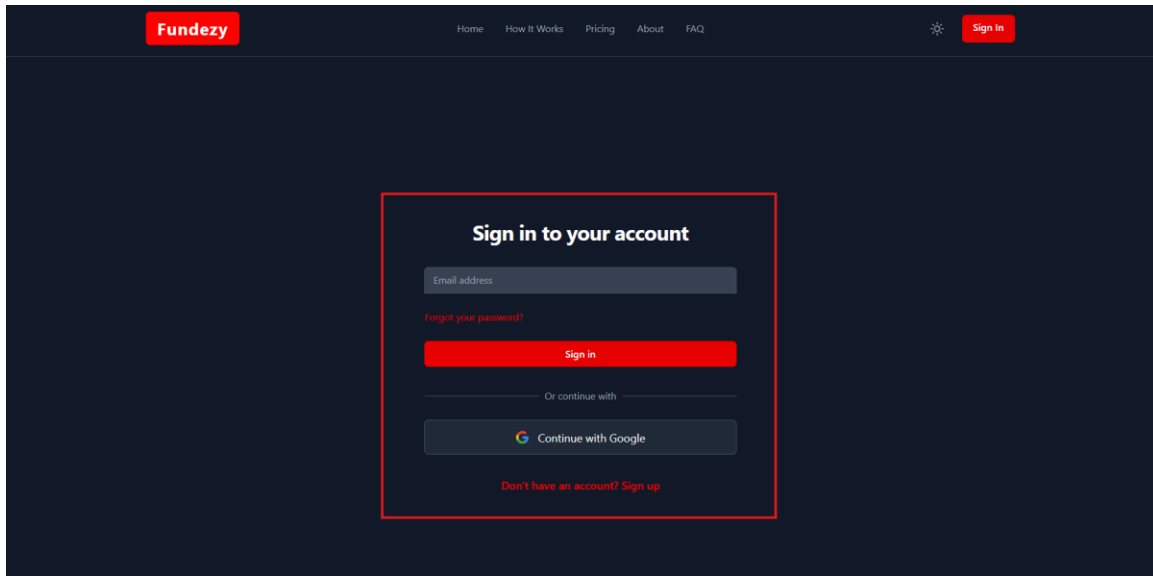

1. Visit <https://fundezy.io>

- Click Sign In at the top-right corner of the homepage.

2. Choose Your Registration Method

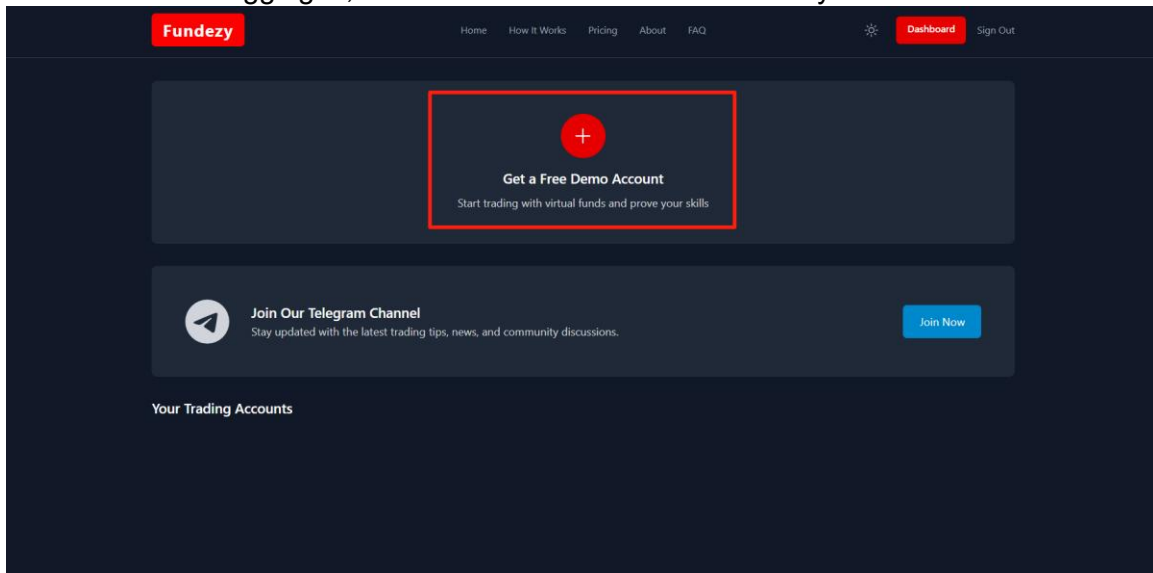

- Google Account (Recommended):
Click Continue with Google for seamless, secure access.
- Email Registration:
 - i. Enter your email, create a strong password, and complete signup.
 - ii. Check your inbox for a verification email.
 - iii. Didn't receive it? Check spam/junk folders or contact customer.service@fundezy.io

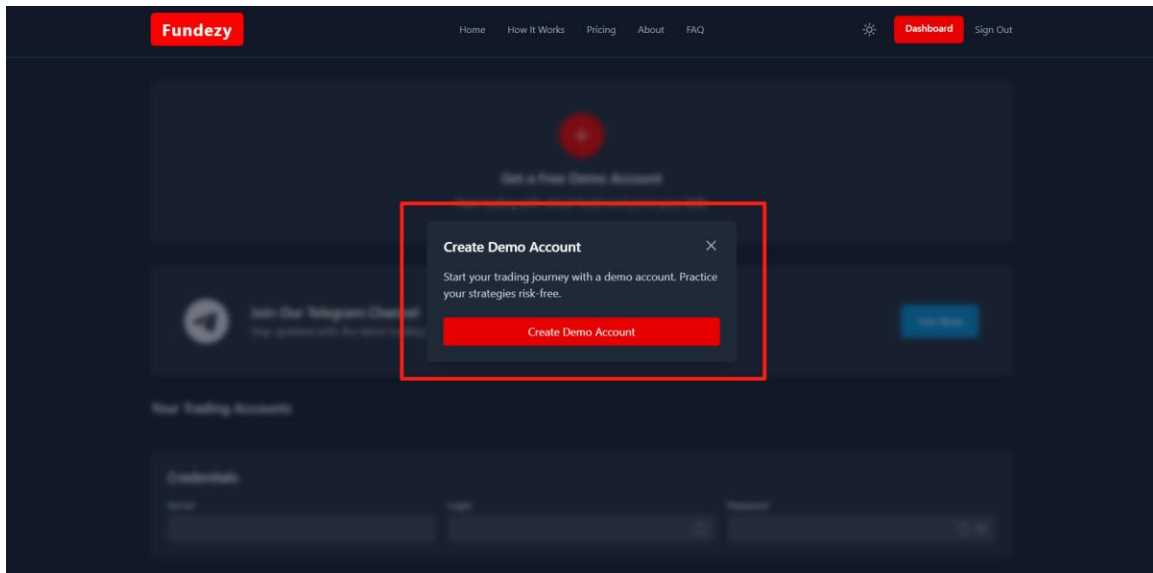

Step 2: Activate Your Free Demo Account

Experience real-market dynamics without financial risk:

1. Access the Demo Account
 - After logging in, click Get a Free Demo Account on your dashboard.

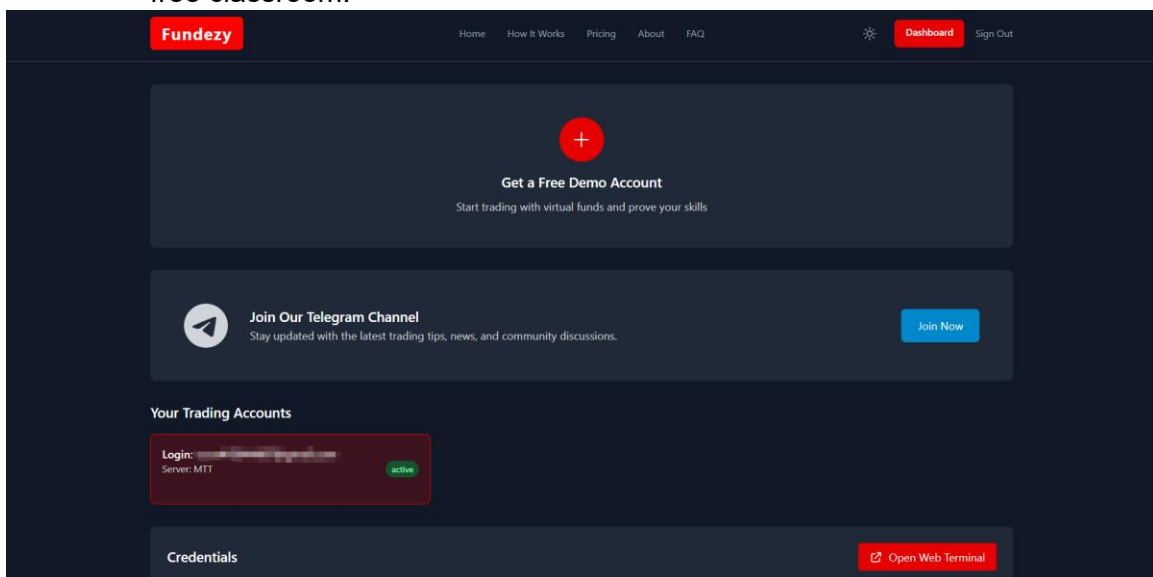

2. Complete Setup
 - Enter your name and details.
 - Click Create Demo Account to unlock \$200,000 in virtual.

3. Explore Your Trading Accounts

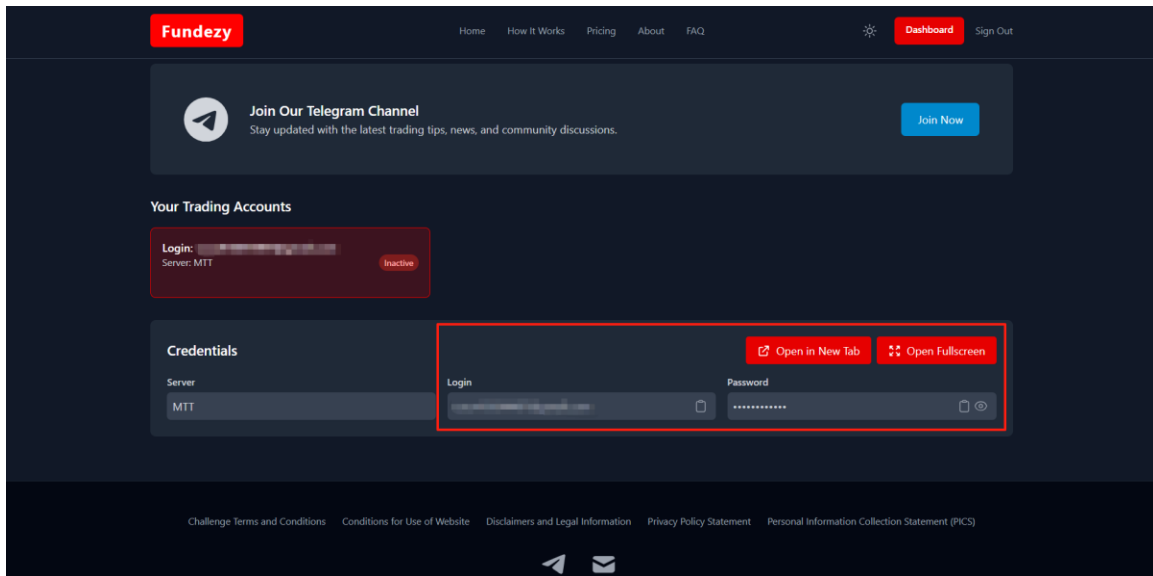

- Navigate to Your Trading Accounts to manage demo/live accounts.
- Pro Tip: Take time to familiarize yourself with the interface—this is your risk-free classroom!

Step 3: Launch the Fundezy Trading Platform

1. Open the Fundezy Trading Platform

- Scroll to the bottom of Your Trading Accounts, find your account and password.
- Click Open in New Tab or Open Fullscreen, enter your account and password to log in.

2. Discover Your Virtual Portfolio

- Your demo account starts with \$200,000—practice strategies, test theories, and learn without limits.
- Explore intuitive tools, live charts, and real-time data designed for actionable learning.

Step 4: Execute Your First Trade

Apply your knowledge in a live simulated market:

1. Select a Currency Pair
 - Choose a currency pair in the trading interface. For example, you might start with popular pairs like EUR/USD, GBP/USD, or USD/JPY.
2. Set Your Trade Volume
 - Start small to build confidence. The volume represents the amount you wish to trade.
3. Execute Buy/Sell
 - Buy: Open a long position (expect the pair to rise).
 - Sell: Open a short position (expect the pair to fall).
4. Track Performance
 - Monitor real-time profit/loss in Open Trades.
 - Remember: Every trade is a learning opportunity—experiment and refine your strategy!
